

Corrigendum

Volume **91**, January–April 1979

In the paper by FELSENSTEIN (*Genetics* **91**: 769–775). Owing to a typographical error, the most essential formula of the paper, equation (11) was misprinted. It expresses the recombination fraction as a function of map distance. The correct formula is:

$$r = (1/2) \left(\frac{1 - e^{-(K-2)x}}{1 - (K-1)e^{-(K-2)x}} \right) \quad (11)$$
