

FIGURE S1.—Top: Pairwise correlations for 17 markers on chromosome 2. First marker starts at 0cM and the last one is at 121.6cM. Bottom: Pairwise correlations for 9 markers (starting at 0cM and ending at 90.1cM) on chromosome 5 (left) and 7 markers (starting at 0cm and ending at 70.6cM) on chromosome 15 (right).
