TABLES S1 – S3

Tables S1-S3 are available as Excel files at <http://www.genetics.org/cgi/content/full/genetics.109.103325/DC1>.

Table S1: Primer sequences for SNP loci, Allele-Specific Oligonucleotides (ASO), *GALI* diagnostic primers

Table S2: Rates of LOH at the *GALI* locus for *in vivo* and *in vitro* experiments

Table S3: Analysis of SNP loci for *in vivo* and *in vitro* propagated strains
