

Figure S2 *lin-41* functions in the germ line and is epistatic to *lin-29* with respect to fertility. (A, B) *lin-29* animals are fertile and make normal oocytes (A), but *lin-41*; *lin-29* animals are sterile with small oocytes (B). (C, D) Compared to controls (C), *rrf-1*; *lin-41(RNAi)* animals make small, abnormal oocytes (D). Bar, 20 μ m.
